**Winchester Female Academy.**  
The attention of our readers is called to an advertisement in this morning's paper of an examination of the pupils of the above Institute. We would like to see everybody there. Encouragement should always be given to education, and nothing is more cheering to both teachers and pupils than to see the patrons and friends of education manifest interest in their examination. We bespeak quite an entertainment to all who have a taste for literary pursuits.

As the Democratic party in this county are without an organ, we tender them our columns for the publication of calls for public meetings, speaking, &c., and such printing as may be deemed necessary to make their movements public. We do this from the fact that we are supported by the aid of both parties, and because it's courtesy.

Exchanges directing to the "Independent," "Democrat," or "Star," papers formerly published here, are requested to direct to the Appeal. We ask this as a favor, as we receive no papers but those directed to us.

V. K. Stevenson, Esq., will address the citizens of Franklin county, on subjects connected with the construction of the Winchester and Alabama Railroad, at Salem, on the 22nd inst. A large crowd is expected, as Mr. Stevenson knows much about the present condition of the road, and will be able to edify many in regard to its concerns.

Since our last issue there has been still another fire in Nashville.

Attention is directed to the card of Mr. Campbell in to-day's paper. The partnership heretofore existing between J. & J. Campbell is dissolved, and James Campbell continues the business, and attends to closing up the affairs of the old firm.

Wheat is selling at 75 cents per bushel in Franklin, Tenn. We have heard of no sales in this vicinity as yet. Wheat crops, everywhere seem to have turned out well.

The peach crop is very abundant this year. It is thought apples will be scarce.

Two men were killed by lightning, near Chattanooga, a few days since.

Gov. Johnson made a speech in Nashville the other night, which was generally attended by the citizens. The Patriot offers its columns to the Governor for its insertion if the speech is written as delivered, but we guess, from accounts received of what the speech was, that Andy will decline. Hope not, however, as its publication would, most likely, prove a benefit to the American party.

The very fine Springs in this vicinity are quite popular at this time, as crowds are in attendance from Nashville and other places. Rooms are still vacant, and can be had by families desiring them.

Mr. T. J. Lockhart, the authorized agent of S. A. Lockhart, holds himself in constant readiness to fill all orders in the Hardware line.

The weather for the past few weeks has been excessively warm. Winchester is perfectly healthy, and would afford a pleasant resort to those who have to leave their homes on account of sickness.

The Soda Fountain of Messrs. Houghton & Loughmiller is a popular place during such hot weather as we have had for the past several weeks. It is the privilege, as well as the duty of every one to "keep cool," and the above fountain affords immediate relief.

Attention is directed to the list of appointments agreed upon by Messrs. Brown and Harris, electors for the State at large, which we publish in another column.

**Morgan & Co., Nashville.**  
Attention of all merchants, into whose hands this paper may fall, is directed to the advertisement of this extensive establishment. The firm is composed of S. D. Morgan, R. H. Gardner, C. J. Cleency, R. C. Gardner, and St. Clair M. Morgan. They are doing immense business in the dry goods line, and are destined to increase it greatly yet.

**GREEN CORN.**—Our exchanges have been bragging for the past week on having green corn suitable to eat. Shucks!—a lady friend of ours, Mrs. J. T. S., sent us some, nicely cooked, &c., long before any of you ever thought of green corn. So stop talking about your towns and counties being ahead of any other in producing early vegetables unless you except Franklin and its county site.

Col. J. E. Sands will please accept our thanks for late favors. May his life be a long and happy one. S.

**Graham's Magazine, Godey's Lady's Book, and Harper's Monthly.**—Having made arrangements with the Publishers we are enabled to make the following offer: For one copy of the Appeal and a copy of any one of the above excellent periodicals, one year, \$3 25. This is only twenty-five cents more than the regular subscription price of either of the magazines. Where are the ladies.

The County Court of Davidson has resolved to erect a court-house on the old site, and means are being devised for its immediate construction. The plan is a handsome one, and the house will be ornamental to the city. It will be larger than the old one.

The commercial letters of Wooten & Holloway have ceased to arrive. What is the matter?

The July No. of the Home Circle is a great credit to its proprietors, both in regard to its mechanical execution, and the ability that characterizes its editorials and contributions. In addition to a large table of valuable contents, it is adorned with some elegant engravings—one of Rev. J. B. McFerrin, editor of the Nashville Advocate.

It is edited by Rev. L. D. Houston, and sent to subscribers at \$2 00 per annum.

**BUSINESS CARDS.**—We have just furnished ourselves with a large and varied assortment of fine glazed cards, of every color, and having the very best assortment of plain and fancy card types, are prepared to print cards in as neat a style as can be done anywhere, and on very liberal terms.

We invite attention to the card of John Ramage in to-day's paper. He has a beautiful lot of fine boots and shoes on hand, and all will find him as clever and accommodating as men generally get to be.

**BLANKS.**—We have received several reams of excellent foolscap paper for this kind of work. One dollar per quire will be charged hereafter instead of our former charges. This is the charge everywhere else in Tennessee, and we hardly feel ourselves able to do work cheaper than others.

**STEWART HOUSE.**—This number one hotel, under the control of Mr. James Stewart, is drawing crowds of people, and will continue to do so as long as its energetic proprietor manages it like he does now. His table is loaded with the most delicious of edibles, fixed up in the nicest style, and the servants are careful and attentive.

Everybody in town, and in the country, so far as it is known that Guildersleeve is in town, who has a watch or clock that was ever made to run, whether it is worn out or spoiled by travelling tinkers, is now having it made to keep time as well as when new. Every thing of the kind is warranted, and if it does not perform satisfactorily, it costs you nothing. So if you want to have your watches and clocks made to keep correct time, bring them right in, and we assure you, you will get the worth of your money. Mr. Guildersleeve wishes it understood that he is not a travelling watch-fixer, like many who start out from a gunsmith shop to pick the people's pockets by pretending to repair their clocks and watches, but a regular workman, having done a large portion of the work sent from here to Nashville lately, although not generally known to the people.

Neither would we forget those celebrated Brazilian Pebble Spectacles for sale by Mr. Guildersleeve. If you wish to preserve your eye and read with ease, throw away your common glasses and procure a pair of the Brazilian.

**St. Cloud.**  
Who has not heard of the St. Cloud Hotel, Nashville, Tenn.? and who has ever stopped there and came away displeased with its accommodations?—or disappointed in regard to its being one of the best hotels in the United States? We venture to say no one. The St. C. has attained a high character at home and abroad, and even during this dull time of the year, when so many are seeking homes in the country, the St. C. is filled to overflowing. We congratulate you, Hugh, upon making a house so attractive in every part, and almost an improvement upon the manner in which the Dr. managed it before taking Tyree in charge.

The citizens of Nashville are taking active measures for rebuilding the Masonic Hall on the site from which the old one was burned last week. It is thought the work will be commenced immediately.

That very interesting periodical, the Farmer and Mechanic, for July, is on our table. We have not had time to give it as much attention as usual, but what we have seen convinces us of the truth that it sustains its former high character, and is destined to stand second to no agricultural journal in the South. Address Boswell & Williams, Nashville, Tenn.

**SALE OF Valuable Property.**  
I wish to sell my land, consisting of about five hundred acres, located four miles and a half from Decherd Depot, Franklin Co., on the road to Hockersville. Said land is well timbered and watered—there being three or four never-failing wells of good water; besides an excellent stock pond; tolerably good dwelling, with the necessary out-houses; good orchards, containing as good fruit as can be found in the county.  
All the cleared land is in a high state of cultivation at this time, and if the purchaser desires, the present crop would be sold, together with all the stock belonging to the place, consisting of hogs, cattle, and sheep. The land is in two tracts, and can be divided, if necessary, to suit purchasers.  
Terms—One-third cash, and the balance in one and two years.  
—ALSO—  
On the 3d of October next, at my residence, I will sell, at public sale, all my farming utensils, together with household and kitchen furniture. If private sale for my land and stock be not had before then, I will sell them to the highest bidder on said day.

**To those who value their Sight**  
We would say: If you find your eyesight failing, or if you use spectacles, do not delay availing yourselves of the opportunity of procuring a pair of the justly celebrated Brazilian Pebble Spectacles, adapted to your eye, and selected by a person who understands the business. They do not tire the eye when reading and will preserve vision unimpaired for years longer than any other glass if properly selected to suit the eye. There is no straining of the eye while using them, as in most other spectacles. The shape of the surface, (concave convex) the large size and the fineness and clearness of the glass are the combined qualities which no other glasses possess, and which render them superior to all others. Many persons might have good eye-sight for ten or fifteen years longer by using these glasses than the common glasses which in the end often do more harm than good. Numerous testimonials can be produced from the best citizens of Nashville. For sale by
